

STEEL STORAGE RANGE

GO steel products are designed and manufactured to meet British Standards for today's industry. Competitive prices and high quality are trade marks of the GO Steel Storage Range.

GO Steel products are available in a choice of colours and most come with a 10 year warranty against all defects in material and workmanship. However the warranty does not cover damage resulting from misuse, neglect or accidents.

All GO products are manufactured using the latest production techniques and machinery. We use superior quality steel and parts for strength and durability.

GO prides itself on its attention to detail, with every component carefully chosen for its looks, strength and reliability. Particular attention is paid to safety and units are tested to the highest relevant British standards.

Quality, practicality and good aesthetics reflect the Company's commitment to be a major force in steel products.

GFCA4

GFCA3

GFCA2

Go filing cabinets are available in two, three and four drawer options. Each drawer has 100% extension opening to maximise filing space. An anti-tilt locking device is fitted to every cabinet preventing a second drawer being opened. Each drawer has high sides to provide additional strength and allows support for footscap suspended filing. A4 filing can be accommodated when conversion rails are fitted [AMRA4]. Compressor plates can be used to divide drawers vertically [AMCP].

Lateral Filing Cabinets

Go lateral filing cabinets are available in two, three and four drawer options and are 900mm wide. Each drawer has 100% extension opening to maximise filing space. An anti-tilt locking device is fitted to every cabinet preventing a second drawer being opened. Each drawer has high sides to provide additional strength. Two cross bars are in each drawer to facilitate A4 or foolscap filing.

Double Door Cupboards & Bay Shelving

GCA18

GSC9422

Go double door cupboards offer an economical solution to today's storage and filing requirements. They are available in three heights 1015mm, 1830mm and 2000mm and are 910mm wide with double doors that open through 180°. Double door cupboards are fitted with a two point locking system, a twist handle lock and 2 keys (master series) on the right hand door and come complete with shelves.

The Go 2200mm high bay shelving comes complete with five shelves.

Twist door handle complete with 2 keys (master series)

Side Opening Tambour Units

GTD129

Go side opening tambour units are user friendly. When opened the tambour doors slide back on a discreet track into the unit so less space is needed and there are no open doors in a busy office. Side opening tambour units are available in three heights and are 900 and 1200mm wide.

Each unit is fitted with finger grip handles and a two point locking system and 2 keys (master series). Full length magnetic slam rails keep the doors tightly closed. An adjustable wheel is fitted to level off units on an uneven floor. All tambour units are supplied empty, a complete range of internal fitments are available.
